

Steering Committee

- General chair: Jari Nurmi, Tampere University (FI)
- Dag Wisland, University of Oslo (NO)
- Attila Alvandpour, Linköping University (SE)
- Peeter Ellervee, Taltech (EE)
- Jussi Rynnänen, Aalto University (FI)
- Snorre Aunet, NTNU (NO)
- Shen Ming, Aalborg University (DK)

IEEE CASS VSA-TC Liaison

- Preet Yadav, NXP (IN)

Technical programme Committee

Track Chairs:

- Analog: Vishnu Unnikrishnan, Tampere University (FI)
- Digital: Mohsin Abbas, Tampere University (FI)
- SoC: Ari Kulmala, Tampere University (FI)
- Special sessions: Jari Nurmi, Tampere University (FI)

Members:

- Mohsin Abbas, Tampere University (FI)
- Orazio Aiello, University of Genoa (IT)
- Janne Aikio, University of Oulu (FI)
- Attila Alvandpour, Linköping University (SE)
- Paul Annus, Taltech (EE)
- Snorre Aunet, NTNU (NO)
- Marco Balboni, University of Ferrara (IT)
- Sergio Bambi, UFRGS (BR)
- Abdullah Baz, Umm Al-Qura University (SA)
- Baktash Behmanesh, Lund University (SE)
- Claudio Brunelli, Nokia (FI)
- Luigi Carro, UFRGS (BR)
- Mario Casu, Politecnico di Torino (IT)
- Chaitali Chakrabarti, Arizona State University (US)
- Ke-Hong Chen, National Chiao Tung Univ. (TW)
- Kun-Chih (Jimmy) Chen, National Sun Yat-sen U (TW)
- Yong Chen (Nick), Tsinghua Univ. (CN)
- Hans Jakob Damsgaard (DK)
- Wolfgang Ecker, Infineon (DE)
- Peeter Ellervee, Taltech (EE)
- William Fornaciari, Politecnico di Milano (IT)
- Alberto Garcia Ortiz, Univ. Bremen (DE)
- Diana Goehring, TU Dresden (DE)
- Xinfei Guo, Mellanox Technologies (US)
- Kari Halonen, Aalto University (FI)
- Shadi Harb, Intel, (US)
- Tung Hoang Thanh, AMD (US)
- Thomas Hollstein, Taltech (EE)
- Waqar Hussain, Nordic Semiconductors (NO)
- Riadul Islam, UMBC (US)
- Maksim Jenihhin, Taltech (EE)
- Ted Johansson, Uppsala University (SE)
- Sheetal Kaul, Intel (US)
- Gul Khan, Toronto Metropolitan University (CA)
- Per Gunnar Kjeldsberg, NTNU (NO)
- Kristian Gjertsen Kjeldgård, Univ. of Oslo (NO)
- Peter Koch, Aalborg University (DK)
- Marko Kosunen, Aalto University (FI)
- Ari Kulmala, Tampere University (FI)
- Olli-Erkki Kursu, University of Oulu (FI)
- Kimmo Kuusilinnä, Nosteco (FI)
- Vesa Lahtinen, Nokia (FI)
- Yannick Le Moulec, Taltech (EE)
- Pasi Liljeberg, University of Turku (FI)
- Per Lindgren, LTU (SE)
- John Liobe, Riga Technical University (LV)
- Jan Hvolgaard Mikkelsen, Aalborg University (DK)
- Ilkka Nissinen, University of Oulu (FI)
- Sajjad Nouri (DE)
- Jari Nurmi, TAU (FI)
- Dmitry Osipov, ITEM (DE)
- Vassilis Paliouras, University of Patras (GR)
- Darshika G. Perera, UCCS (US)
- Ernesto Pérez, CSEM (CH)
- Luca Pezzarossa, DTU (DK)
- Dmitrijs Pikulins, Riga Technical University (LV)
- Sebastian Pillement, University of Nantes (FR)
- Juha Plosila, University of Turku (FI)
- Timo Rahkonen, Oulu University (FI)
- Jussi Rynnänen, Aalto University (FI)
- Juha Röning, University of Oulu (FI)
- Alireza Saberkeri, Linköping University (SE)
- Martin Schoeberl, DTU (DK)
- Shahrian Shahabuddin, Oklahoma State Univ. (US)
- Ming Shen, Aalborg University (DK)
- Olli Silvén, University of Oulu (FI)
- Henrik Sjöland, Lund University (SE)
- Kalle Tammemäe, Taltech (EE)
- Jing Tian, Nanjing University (CN)
- Vishnu Unnikrishnan, TAU (FI)
- Lan-Da Van, National Yang Ming Chiao Tung U (TW)
- Mark Vesterbacka, Linköping University (SE)
- Roshan Weerasekera, University of Bristol (UK)
- Dag T. Wisland, University of Oslo (NO)
- Avinash Yadav, Nvidia (US)
- Trond Ytterdal, NTNU (NO)
- Yuteng Zhou, WPI (US)
- Viktor Åberg, Lund University (SE)
- Johnny Öberg, KTH (SE)

Call for Papers

2026 IEEE NorCAS Conference

IEEE Nordic Circuits and Systems Conference
20-21 October 2026 Tampere, Finland

General Scope of the Conference

The IEEE NorCAS conference is the main circuits and systems event of the Nordic countries representing both academia as well as electronics industry. The IEEE NorCAS conference is a merge of the well-established conferences NORCHIP and SoC. The annual IEEE CASS co-sponsored conference covers all fields of electronics design, spanning from complex digital systems to advanced analog and mixed-mode circuits. The wide scope of the conference promotes cross-field collaboration not only between academics but also with industry. Papers of high scientific and technical quality are presented together with selected invited speakers and pre-conference tutorial sessions.

Technical programme

The 2026 IEEE NorCAS conference will take place on 20-21 October 2026. The Steering Committee invites people from academia and industry to contribute papers. Contributions for the 2026 conference shall be in the following areas:

ANALOG

- Biomedical circuits and systems
- Sensor interface circuits, data-converters
- Wireless circuits and systems
- Mixed mode designs, high frequency circuits, design for testability

DIGITAL

- Microelectronics/nanoelectronics
- Embedded systems, FPGA and prototyping
- Sensors, Imagers, MEMS devices
- Measurement, modeling, and simulation of hardware
- CAE, design tools, VLSI design methodology
- Machine learning, neural networks
- Packaging and interconnect
- System-level design flow and methodology

SoC

- Network-on-Chip
- Hardware/software co-design and reuse
- Multicore and manycore platforms
- Reconfigurable architectures
- SoC verification and testing
- Processor and memory design for SoC
- Runtime environments, emulation and simulation

Special Sessions

- Digital Communication Circuits and Systems
- Non-conventional Architectures for AI Acceleration in Embedded Systems
- Safer Firmware and Software Ecosystem for RISC-V

Submission of Contributions

Papers will be selected by the Steering Committee on the basis of a full-length paper (4-6 A4 pages) based on a peer review performed by the Technical Programme Committee. There may be a 7th page with references only.

Papers may be selected for either lecture or poster presentation. Equal quality measures will be applied to posters and lectures. All accepted papers will be published in the conference proceedings and submitted for inclusion in IEEE Xplore.

Dates and Deadlines

Special session proposals: June 15, 2026

Paper submission deadline: **August 31, 2026 (extended)**

Notification of acceptance: September 21, 2026

Final camera-ready papers: October 5, 2026

The proceedings will be composed from camera ready pdf files supplied by authors. The paper must follow the IEEE 2-column standard as described in the paper submission guidelines in the author info section at events.tuni.fi/norcass/. Instructions on special session proposals are found on the web page, too.

The submission site is at **www.conftool.pro/norcass2026**. Top papers will be invited to be extended and submitted to a special section planned for a journal. The extended papers will undergo a separate thorough peer review, as any papers submitted to the journal.

Location

Tampere Hall, Yliopistonkatu 55, Tampere, Finland
