

STARTING TO USE THE FINDOCNET PLATFORM AS PART OF RESEARCH ETHICS TEACHING: CHALLENGES AND OPPORTUNITIES

Kristina Rolin (Tampere University)

kristina.rolin@tuni.fi

Challenges

- Huge demand for online-teaching:
 - 197 registered for the Findocnet course but we could enroll only 100.
 - 80 have visited the platform so far (the course is still going on...)
 - Zoom-lecture course in Finnish: 100
 - Zoom-lecture course in English: 58

Challenges

- Tailoring the platform for one's own course
 - Quizzes and the Final Essay
 - Instructions are difficult to access.
 - Enrollment key is confusing: the general one is not needed, and the group keys need to be set separately.
 - Helpdesk?

Opportunities

- The students can do the course work at their own pace.
- Two languages
- Self-enrollment by students
- Extra material if needed
- The final essay instructions can be modified.
- Communication via the Moodle platform
