

WELCOME TO  
TAMPERE, FINLAND

**Computing in Cardiology 2022  
(CinC2022) will be held in  
Tampere, Finland on 4-7/9/2022**

We cordially invite sponsors to support CinC2022 in Tampere!

The conference provides a forum for scientists and professionals from the fields of medicine, physics, engineering and computer science to discuss their current research in topics pertaining to computing in clinical cardiology and cardiovascular physiology, since 1974.

CinC2022 offers unique opportunities for sponsors to get international visibility and expand their networks with specialists in technologies related to cardiology such as computerized ECG and cardiovascular signals, wearables, cardiovascular imaging, electrophysiology, modeling & simulation, cardiovascular system, cardiovascular mechanics and medical informatics. Welcome to Tampere!

*Jari Hyttinen, Michelangelo Paci and Jussi Koivumäki, Chairs of CinC2022.*

CinC2022 - 49<sup>th</sup> annual edition of CinC - in brief:

- The leading conference in technology applied to cardiology
- Expected 300+ on-site and 200+ online attendees from all over the world
- Visitors represent biomedical researchers, engineers, clinicians, and policymakers from across the industry and academia
- Sessions and poster exhibition provide an outlook into the emerging R&D
- State of the art scientific program and great events for personal interactions

Organized and hosted by:

We are looking forward to meeting you in CinC2022 in Tampere!
