Tuesday, 28 June 2016
 Day 1
8:00am Registration
8:30am Opening
8:40am Plenary 1: Ignacio Fernández, "Galileo authentication - What, when and why"
9:40am Session 1: Security aspects in GNSS
10:40am Coffee break
11:10am Session 2: GNSS receivers (I/II)
12:50pm Lunch
2:00pm Plenary 2: Danijela Cabric, "Localization in cognitive radio networks"
3:00pm Coffee break
3:20pm Session 3: Cooperative and hybrid positioning
5:55pm Meeting point
6:50pm Meeting point
7:00pm Opening ceremony
7:20pm Guided tour to the Noble Halls of the City Council
7:45pm Welcome cocktail

Wednesday, 29 June 2016
 Day 2
8:40am Plenary 3: Klaus Witrisal, "High-accuracy positioning in multipath channels: localization-awareness for 5G networks"
9:40am Session 4: Positioning via 5G & UWB
10:40am Coffee break
11:10am Session 5: GNSS receivers (II/II)
12:50pm Lunch
2:00pm Session 6: Indoor navigation
3:00pm Coffee break
3:20pm Session 7: RSS-based positioning
5:40pm Bus departure
5:55pm Bus stop
7:00pm Visit to Park Güell
8:10pm Departure from Park Güell
9:00pm Gala dinner

Thursday, 30 June 2016
 Day 3
8:40am Plenary 4: Javier de Salas, "Carrier phase positioning experiences in consumer GNSS devices"
9:40am Session 8: Design, prototyping and testing of positioning devices
11:00am Coffee break
11:30am Session 9: Ionospheric, Tropospheric & Scintillation effects in GNSS
1:10pm Lunch
2:20pm Session 10: MULTI-POS I: GNSS
3:20pm Coffee break
3:40pm Session 11: MULTI-POS II: Beyond GNSS
5:00pm Closing, Best Paper Award, and announcement of ICL-GNSS 2017
